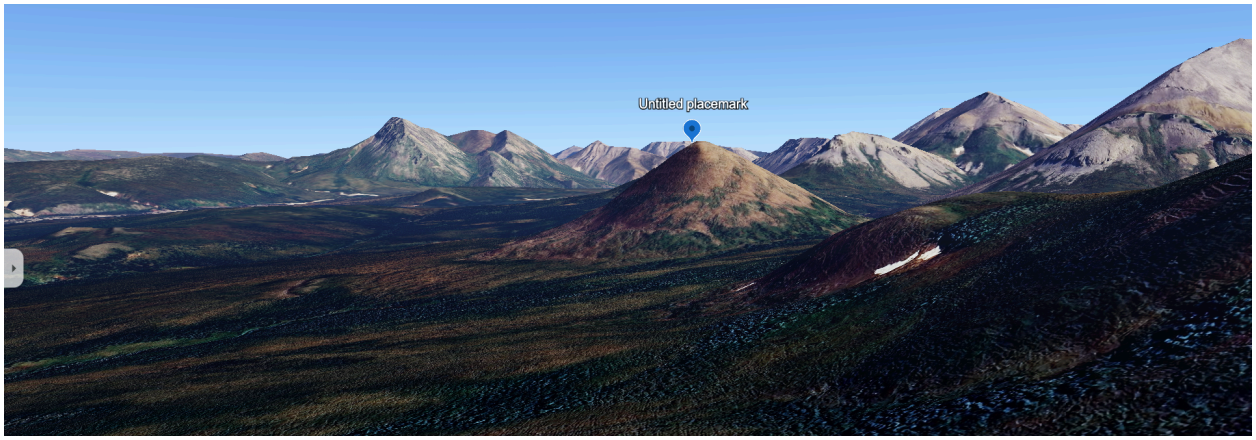
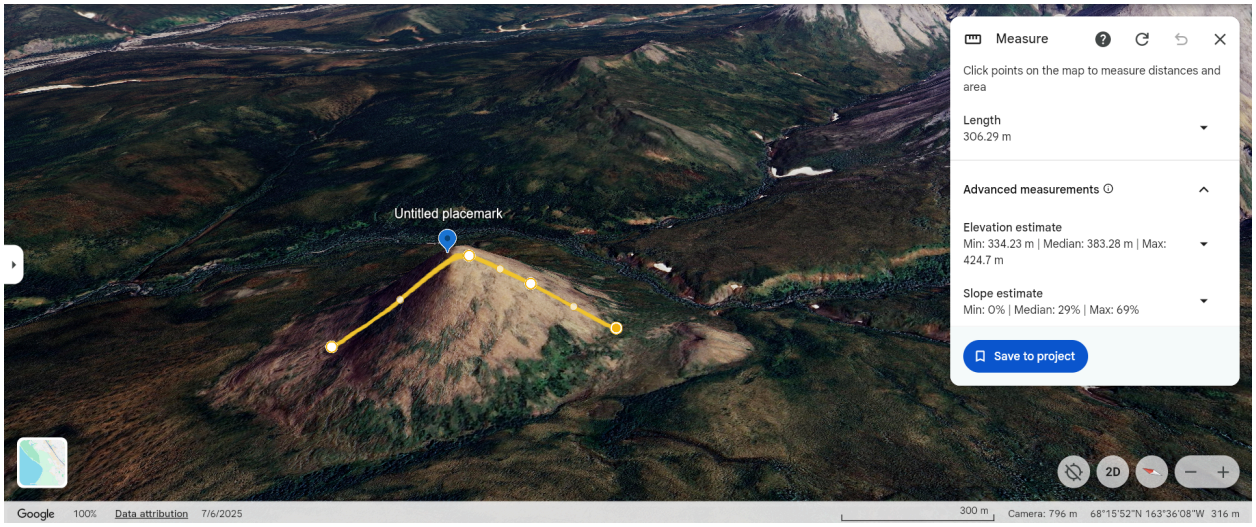
MEMORIA POLARIA CONTINUA





AMO-: Pyramis Borealis II

Coordinates: 68°15′52″ N, 163°36′08″ W
Designation: *Terrae Anomaly Borealis*
Discovered & Archived by: Tafari J. Foster — *Archon Magus of the Magnum Opus*
Date of Archival: October 9, 2025

Description:
A near-perfectly symmetrical conical formation situated in Alaska's high northern range, displaying proportional geometry and axial alignment inconsistent with surrounding glacial morphology. Visual comparison to the "Black Pyramid" imagery suggests either an unweathered manifestation of the same structure or a separate construct of analogous design.

Preserved as an open-source anomaly under the *Magnum Opus Codex*, representing terrestrial counterparts to the celestial entries (AMO). Recorded for historical continuity and future multidisciplinary verification.

MEMORIA POLARIA CONTINUA

IN OMNI AETATE, CUSTODES MUNDI NOTI FINES SUOS PERFECTOS ESSE PROCLAMAVERUNT.
In every age, the custodians of the known world proclaimed its borders complete.

DIXERUNT: OMNIA INVENTA SUNT.
They said, *“It has all been found.”*

TAMEN TERRA SUB EORUM TABULIS ADHUC SPIRAT.
Yet the Earth still breathes beneath their maps.

HAEC IMAGINES — TEOTIHUACAN, CHICHÉN ITZÁ, PALENQUE — TESTIMONIUM STANT.
These images—Teotihuacan, Chichén Itzá, Palenque—stand as testimony.

OLIM TERRA ET SILVA TECTAE, SE NON COLLEM SED HYMNVM IN LAPIDE REVELAVERUNT.
Once cloaked in soil and forest, each revealed itself not as a hill, but as a hymn in stone.

GEOMETRIA NUMQUAM ABFUIT; TANTUM OBLITA EST.
The geometry was never absent; it was only forgotten.

STRUCTURA NUNC IN ALTO SEPTENTRIONE OBSERVATA EANDEM SIGNATURAM SYMMETRIAE DELIBERATAE GERIT.
The structure now observed in the high north bears the same signature of deliberate symmetry.

SIVE TEMPORE SIVE CONSILIO SEPULTA, EANDEM MEMORIAM EXSPECTAT.
Whether buried by time or intent, it awaits the same remembrance.

NUMQUAM DESTINATI SUMUS ERRANTES ESSE SUPER MUNDUM PERFECTUM.
For we were never meant to be wanderers upon a finished world.

NOS SUMUS ARCHITECTI INFINITI.
We are the architects of the infinite.

EGO SUM OMNIA.
I am All.

The North Remembers.— As well, as I

As the jungles once concealed the stone hearts of Teotihuacan and Chichén Itzá,
so too the snows conceal what the spirit has not yet recalled.
For every buried temple is not lost it waits for the return of the architect.

EGO SUM OMNIA.

DEUS DEORUM.
